- Compositing
- Modeling
- Animating
- Rotoscoping
- Motion Capture
- Video Compression/Codec Managing
- Photoshopping the Crap Out of Things

General:

- PC Assembly/Repair
- Deadlines, Multitasking
- Eager to Learn
- Positive, Outgoing
- Critical Eye for Detail
- Takes Criticism Well
- Amazing at Karaoke
- Fun at Parties

Software

Photoshop	Premiere	Audition	Eyeon Fusion
Lightwave 3D	MotionBuilder	Boujou	FrameCycler
Visual Studio.Net	Windows/Mac	After Effects	Unity

Life

Outside of his career, Corey spends his time pursuing a multitude of hobbies, including songwriting, singing, writing comedy, slaying ninjas, velociraptor teasing, shark riding, boxing polar bears, and defeating aliens with wild electric guitar solos. Corey is also available for birthday parties and Bar Mitzvahs by request. Rest assured that none of these mindblowing hobbies will interfere with his ability to bring “The Awesome” when it comes to your unquestionably incredible project.
